MULTISYSTEM CARE TEAMS & YOU

Multisystem care teams use a collaborative approach to help families with children who have multiple needs. We connect agencies, people and services to work with you to develop a coordinated plan for your child and family. A team approach helps to organize services to better meet the specific and unique needs of your family. We help you get the support you need to achieve the things that are important to you and to your child.

Parents always have the right to:

- ✓ Decide who should be part of the child and family team
- ✓ Initiate a team meeting
- ✓ Be heard in team meetings
- ✓ Bring an advocate to team meetings
- ✓ Select or decline service options
- ✓ Use the Dispute Resolution Process
